

# Preparing Forms for Your NSF ATE Proposal

**Live Webinar**  
**Wednesday, May 8, 2024**  
**2:00 pm**

*Including  
SciENCv  
Information*

# Getting Started

- If more than 1 person is viewing with the same login, provide the number viewing in chat
- Ask questions in the chat
- Questions will be answered during the webinar
- Change the view in the upper right-hand corner

# Housekeeping

- Registered participants will receive link to the webinar recording within one week
- Registered participants will receive e-mail with any attachments shared in Chat
- A quick reference guide based on webinar will be published in the *Resource Library* on Mentor-Connect.org - includes PowerPoint slides with annotated text
- Attendees may request a Certificate of Completion by emailing [Mentor-Connect@fdtc.edu](mailto:Mentor-Connect@fdtc.edu)

## Real Deal Tips and Tricks

- Throughout the webinar you will see this icon
- These TIPS and TRICKS come from the Mentor-Connect Team (not NSF) to promote your success

# Introductions

## **Elaine Craft, Principal Investigator**

**Mentor-Connect: Leadership Development and Outreach for ATE  
Florence-Darlington Technical College, SCATE Center of Excellence  
& Elaine L. Craft Educational Consulting, L.L.C.**

Email: [Elaine.craft@fdtc.edu](mailto:Elaine.craft@fdtc.edu)

## **Matthew Swenson**

### **Mentor-Fellows Leader**

**Mentor-Connect: Leadership Development and Outreach for ATE**

**Grants Director: Green River College**

Email: [mswenson@greenriver.edu](mailto:mswenson@greenriver.edu)

## **Emery DeWitt, Project Manager, Co-Principal Investigator**

**Mentor-Connect: Leadership Development and Outreach for ATE  
Florence-Darlington Technical College, SCATE Center of Excellence**

Email: [emery.dewitt@fdtc.edu](mailto:emery.dewitt@fdtc.edu)

## **Pamela Silvers, Co-Principal Investigator**

**Mentor-Connect: Leadership Development and Outreach for ATE  
Professor Emeritus: Asheville-Buncombe Technical Community College**

Email: [pamela.silvers@fdtc.edu](mailto:pamela.silvers@fdtc.edu)

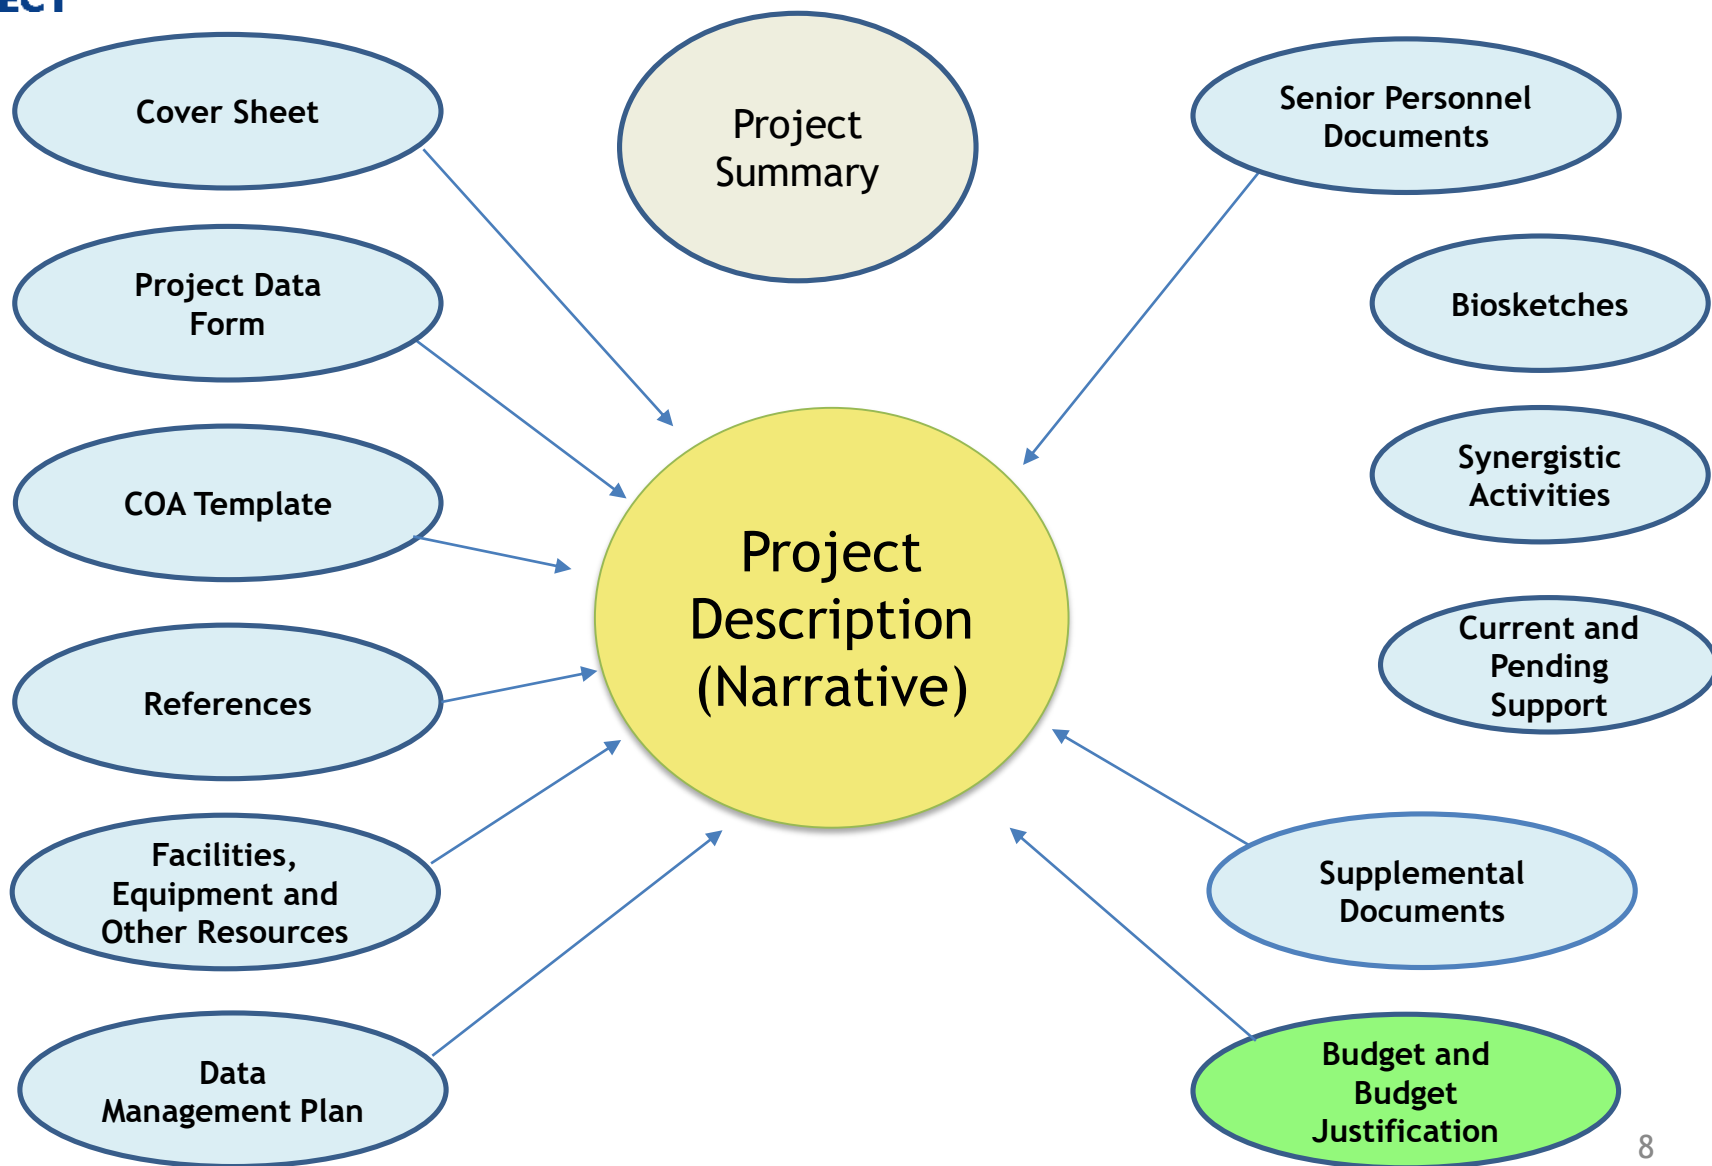

## Mentor-Connect Webinar Objectives

- Help prospective grantees prepare competitive proposals
- Provide guidance to prevent proposal errors
- Provide Research.gov and sciENCv instructions

- Overview
- Research.gov and sciENCv
- Specific information on required forms
- Post-webinar evaluation

# Overview

Full Proposal	86 pages
Description (Narrative)	15 pages
Summary	1 page
Budget (3 Year Project)	4 pages
Budget Justification	5 pages maximum
Other Forms & Supplementary Documents	61 pages (71% of proposal)

## Poll Question

Are you now or have you been a Mentor-Connect participant (mentor, faculty team, or other college personnel)?

1. Yes
2. No
3. Not Sure

### Introduction

**A. About the National Science Foundation** -

The National Science Foundation (NSF) is an independent Federal agency created by Congress in 1950 to “promote the progress of science; [and] to advance the national health, prosperity, and welfare” by supporting research and education in all fields of science and engineering.

From those first days, NSF has had a unique place in the Federal Government: it is responsible for the overall health of science and engineering across all disciplines. In contrast, other Federal agencies support research focused on specific missions such as health or defense. The Foundation also is committed to ensuring the nation's supply of scientists, engineers, and science and engineering educators.

Section II.  
Proposal  
Preparation  
Instructions

# Before You Think About Forms

- Who is your AOR (Authorized Organizational Representative)?
- Register your institution in the Research.gov System
- Register all Principal Investigators, Co-Principal Investigators and Senior Personnel in Research.gov and SciENCv
- Items can be “parked” in Research.gov! Nothing is FINAL until the AOR clicks “submit”

*Get started **SOONER** rather than later!*

# Features of Research.gov

- Fast and easy-to-use wizard
- Compliance checking
- Immediate compliance feedback upon proposal section upload
- PDF uploads are not altered
- On-screen references to relevant sections of the PAPPG

# Logging In

## NSF User Sign In

Use your Primary Email Address, NSF ID, LOGIN.GOV or your organization credentials to sign in to Research.gov

<p><b>NSF Account</b></p> <p>Primary Email Address or NSF ID</p> <input type="text"/> <p><a href="#">Forgot ID</a></p> <p><b>Password</b></p> <input type="password"/> <p><a href="#">Forgot Password</a></p> <p><a href="#">Sign In</a></p>	<p><b>Organization Credentials</b></p> <p>Pick Your Organization</p> <input type="text" value="Select an Option"/> <p><a href="#">Sign In</a></p>	<p><b>Login.gov Credentials</b></p> <p></p> <p><a href="#">Sign In</a></p>

# Demo Site

## Welcome to the Proposal Preparation Demo Site ✕

The demo site is available to explore preparing proposals in Research.gov! Full Research proposals are currently available in the demo site. As other proposal types are added to the Research.gov Proposal Submission System, they will also be available in the demo site. View the [Research.gov Proposal Submission Capabilities](#) for details.

### In the demo site:

- Each user will be given the role of Principal Investigator (PI) and associated with the "National Science Foundation" organization as well as any other organization(s) the user is associated with, including Postdoctoral Scholar, if applicable
- Proposals created in the demo site will not be displayed in the actual Research.gov Proposal Submission System
- No system-generated emails will be created or sent when performing any actions
- Submission of proposals to NSF is not supported
- All proposals will be deleted six months after they are created
- Look for the orange information icon  to view demo site messages and instructions

Continue to the Demo Site

AOR must do  
this for college

## Certification for Authorized Organizational Representative(or Equivalent)

By electronically signing and submitting this proposal, the Authorized Organizational Representative(AOR) is:(1)certifying that statements made here in are true and complete to the best of the individual's knowledge; and(2)agreeing to accept the obligation to comply with NSF award terms and conditions if an award is made as a result of this proposal. Further, the proposer is hereby providing certifications regarding conflict of interest, food hazard insurance, responsible and ethical conduct of research, organizational support,and safe and inclusive working environments for off-campus or off-site research, as set forth in the NSF Proposal & Award Policies & Procedures Guide(PAPPG). Willful provision of false information in this application and its supporting documents or in reports required under an ensuing award is a criminal offense(U.S. Code, Title 18, Section §1001).

### Certification Regarding Conflict of Interest

The AOR is required to complete certifications stating that the organization has implemented and is enforcing a written policy on conflicts of interest (COI), consistent with the provisions of PAPPG Chapter IX.A; and that, to the best of the individual's knowledge, all financial disclosures required by the conflict of interest policy were made; and that conflicts of interest, if any, were, or prior to the organization's expenditure of any funds under the award, will be, satisfactorily managed, reduced or eliminated in accordance with the organization's conflict of interest policy. Conflicts that cannot be satisfactorily managed, reduced or eliminated and research that proceeds without the imposition of conditions or restrictions when a conflict of interest exists, must be disclosed to NSF via use of the Notifications and Requests module with Research.gov

### Certification Regarding Flood Hazard Insurance

Two sections of the National Flood Insurance Act of 1968 (42 USC §4012a and §4106) bar Federal agencies from giving financial assistance for acquisition or construction purposes in any area identified by the Federal Emergency Management Agency (FEMA) as having special flood hazards unless the:

- (1) community in which that area is located participates in the national flood insurance program; and
- (2) building (and any related equipment) is covered by adequate flood insurance.

By electronically signing the Certification Pages, the Authorized Organizational Representative (or equivalent) located in FEMA-designated special flood hazard areas is certifying that adequate flood insurance has been or will be obtained in the following situations:

- (1) for NSF awards for the construction of a building or facility, regardless of the dollar amount of the award; and
- (2) for other NSF awards when more than \$25,000 has been budgeted in the proposal for repair, alteration or improvement (construction) of a building or facility.

### RECR) Certification Regarding Responsible and Ethical Conduct of Research (RECR)

**(This Certification applies to proposals submitted prior to July 31, 2023, and is not applicable to proposals for conferences, symposia, and workshops.)**

By electronically signing the Certification Pages, the Authorized Organizational Representative is certifying that, in accordance with the NSF Proposal & Award Policies & Procedures Guide, Chapter IX.B., the institution has a plan in place to provide appropriate training and oversight in the responsible and ethical conduct of research to undergraduates, graduate students and postdoctoral researchers who will be supported by NSF to conduct research. The AOR shall require that the language of this certification be included in any award documents for all subawards at all tiers.

### RECR) Certification Regarding Responsible and Ethical Conduct of Research (RECR)

**(This Certification applies to proposals submitted on or after July 31, 2023, and is not applicable to proposals for conferences, symposia, and workshops.)**

By electronically signing the Certification Pages, the Authorized Organizational Representative is certifying that, in accordance with the NSF Proposal & Award Policies and Procedures Guide, Chapter IX.B., the institution has a plan in place to provide appropriate training and oversight in the responsible and ethical conduct of research to undergraduate students, graduate students, postdoctoral researchers, faculty, and other senior personnel who will be supported by NSF to conduct research. As required by Section 7000 of the America Creating Opportunities to Meaningfully Promote Excellence in Technology, Education, and Science (COMPETES) Act (42 USC 1862o-1), as amended, the training addresses mentor training and mentorship. The AOR shall require that the language of this certification be included in any award documents for all subawards at all tiers.

### Certification Regarding Organizational Support

By electronically signing the Certification Pages, the Authorized Organizational Representative (or equivalent) is certifying that there is organizational support for the proposal as required by Section 526 of the America COMPETES Reauthorization Act of 2010. This support extends to the portion of the proposal developed to satisfy the Broader Impacts Review Criterion as well as the Intellectual Merit Review Criterion, and any additional review criteria specified in the solicitation. Organizational support will be made available, as described in the proposal, in order to address the broader impacts and intellectual merit activities to be undertaken.

### Certification Regarding Dual Use Research of Concern

By electronically signing the certification pages, the Authorized Organizational Representative is certifying that the organization will be or is in compliance with all aspects of the United States Government Policy for Institutional Oversight of Life Sciences Dual Use Research of Concern.

### Certification Requirement Specified in the William M.(Mac)Thornberry National Defense Authorization Act for Fiscal Year 2021, Section 223(a)(1) (42 USC 6605(a)(1))

By electronically signing the Certification Pages, the Authorized Organizational Representative is certifying that each individual employed by the organization and identified on the proposal as senior personnel has been made aware of the certification requirements identified in the William M.( Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021, Section 223(a)(1) (42 USC 6605(a)(1)).

### Certification Regarding Safe and Inclusive Working Environments for Off-Campus or Off-Site Research

(This certification applies only to proposals in which data/information/samples are being collected off-campus or off-site, such as fieldwork and research activities on vessels and aircraft.)

By electronically signing the Certification Pages, the Authorized Organizational Representative is certifying that, in accordance with the NSF Proposal & Award Policies and Procedures Guide, Chapter II.E.B, the organization has a plan in place for this proposal regarding safe and inclusive working environments.

## Project Data Form

The information on this form is used to direct proposals to appropriate reviewers and to determine the characteristics of projects supported by the Division of Undergraduate Education (DUE). Refer to the solicitation (funding opportunity) for Program Track(s) and Category details along with any other information needed to populate the project data form.

**\* Required** [Funding Opportunity - NSF 21-598](#)

### Program Information

**\* Program Track**

Select Program Track

- Select Program Track
- 7412-ATE:Track 1: Small projects, institutions new to ATE
- 7412-ATE:Track 2: Projects
- 7412-ATE:Track 3: Consider for innovations in Technician Education
- 7412-ATE:Track 4: Centers
- 7412-ATE:Track 5: Applied Research on Technician Education
- 7412-ATE: Conferences and Meetings

### Prime Organization Information

	Data Management Plan		Document unavailable for check
Project Data Form		Form not checked	
Postdoctoral Mentoring Plan		Document unavailable for check	
	<i>Conditionally required</i>		

Project Summary

# Project Summary

- Must conform to solicitation-specific & PAPPG instructions
- Must include three separate section headers:
  - Overview, Intellectual Merit, and Broader Impacts
  - Heading must be on its own line with no other text
- Follow Merit Review Principles & Criteria
- The potential for the proposed activity to:
  1. Advance knowledge and understanding within its own field or across different fields (Intellectual Merit); and
  2. Benefit society or advance desired societal outcomes (Broader Impacts)

# Project Summary Takeaways

- Upload in PDF format
- For all forms, only a single file can be uploaded (10 MB limit)
- File cannot exceed one page
- A Project Summary is your “elevator speech” – it makes your proposal’s first impression
- Intellectual Merit and Broader Impacts should be developed for your project in the context of NSF & ATE definitions of the terms

# Project Description

Proposal Actions	Proposal Sections	Last Updated	Compliance Status <a href="#">[Key]</a>
<p><a href="#">Share Proposal with SPO/AOR</a></p> <p><a href="#">Manage Personnel and Subaward Organizations</a></p> <p><a href="#">Print Proposal</a></p> <p><a href="#">Delete Proposal</a></p>	<b>Required</b>

Project Description

# Project Description

- Must begin with a section on Results of Prior Support
- Must include a separate section header for Broader Impacts (heading must be on its own line with no other text on that line)
- Must include a separate section for the Evaluation Plan
  - Recommended that evaluator be named in the proposal
- Don't add any page numbers
- Upload in PDF format (1 file - 10 MB max size)

## Project Description Takeaways

- Use acceptable font styles, font size, and margins
- Automatic compliance checks are in force
- Use section headings, bullets, charts and tables, etc. to guide attention and emphasize key points
- Do not include hyperlinks (URLs)
- Check & double check after uploading
- Print to ensure that you have not exceeded the 15-page limit & for additional proof-reading

## References Cited Takeaways

- Do not use automated endnotes
  - This will place your references within your 15-page limit
  - References belong in a separate section provided for this purpose (does not count towards the 15-page limit)
- Follow accepted scholarly practices in providing citations for source materials (e.g., APA, MLA)
- Avoid the use of et al. (except for large consortia papers)
- Cite sources that enhance your credibility!

# NSF Current and Pending (Other) Support

VIEW DRAFT

DOWNLOAD PDF

Current and Pending (Other) Support Information is used to assess the capacity of the individual to carry out the research as proposed and helps assess any potential scientific and budgetary overlap/duplication, as well as overcommitment with the project being proposed.

Current and Pending (Other) Support must be provided separately for each individual designated as senior personnel. Senior personnel include the individuals designated by the proposer/awardee organization and approved by NSF who contribute in a substantive, meaningful way to the scientific development or execution of a research and development project proposed to be carried out with an NSF award. Senior personnel must prepare, save, certify, and submit these documents as part of their proposal via Research.gov or Grants.gov.

Senior personnel are required to disclose contracts associated with participation in programs sponsored by foreign governments, instrumentalities, or entities, including foreign government-sponsored talent recruitment programs. Further, if an individual receives direct or indirect support that is funded by a foreign government-sponsored talent recruitment program, even where the support is provided through an intermediary and does not require membership in the foreign government-sponsored talent recruitment program, that support must be disclosed. Senior personnel must also report other foreign government sponsored or affiliated activity. Note that non-disclosure clauses associated with these contracts are not acceptable exemptions from this disclosure requirement.

[Current and Pending \(Other\) Support Instructions](#)

## Identifying Information, Organization and Location\*

In this section, disclose the information requested regarding the individual and their associated organization and location. All fields are required unless otherwise noted.

ADD INFORMATION

## Project/Proposal Summary

In this section, disclose ALL existing projects, as well as all projects currently under consideration for funding, in accordance with the definitions for "current" and "pending" below. Unless otherwise specified, there is no page or character limit. A separate submission must be provided for each active project/pending proposal using the format specified below.

All fields are required unless otherwise noted.

The Status of Support types are defined as:

**Current** – all ongoing projects, or projects with ongoing obligations, from whatever source irrespective of whether such support is provided through the proposing organization or is provided directly to the individual.

**Pending** – any proposal currently under consideration for funding (including this proposal) from whatever source irrespective of whether such support is provided through the proposing organization or is provided directly to the individual.

ADD PROJECT/PROPOSAL

## In-Kind Contribution Summary

In this section, disclose ALL in-kind contributions and pending support. In-kind contributions are not limited to office/laboratory space, equipment, supplies, and employee or student time. A separate submission must be provided for each active project/pending proposal using the format specified below.

All fields are required unless otherwise noted.

The Status of Support types are defined as:

**Current** – all in-kind contributions from whatever source irrespective of whether such support is provided through the proposing organization or is provided directly to the individual.

**Pending** – all in-kind contributions currently under consideration for funding from whatever source irrespective of whether such support is provided through the proposing organization or is provided directly to the individual.

ADD IN-KIND CONTRIBUTION

## Needed Information

- Project/Proposal title
- Support Type: Current or **Pending**
- Award # if known
- Source of Support
- Primary Place of Performance (Project Location)
- Total Award Amount (including indirect costs)
- Start Date: (MM/YYYY)
- End Date: (MM/YYYY)
- Person-months per year & by year committed to the Project, ##.##
- Overall Objectives
- Statement of Potential Overlap

Grant you  
are  
submitting

This means you  
can't complete  
until budget is  
done

**Scenario #1:** 12-month employee devotes 10% of time (10% FTE) in each year of the project:

**10% of 12 months is 1.2 months**

\*Person-Month(s) (or Partial Person-Months) Per Year Committed to the Project

*Year (YYYY)	*Person Months (##.##)
1. 2025	01.20
2. 2026	01.20
3. 2027	01.20

Year (YYYY)	Person Months (##.##)
4.	
5.	

**NOTE:** Part-time work over 12 months is not to be reported as working 12 months on the project

**Scenario #2:** Faculty member has 1 course released time for fall and spring; normal full-time teaching load is 5 courses:

1/5 or 20% of 9 months is **1.8** months

\*Person-Month(s) (or Partial Person-Months) Per Year Committed to the Project

*Year (YYYY)	*Person Months (##.##)
1. 2025	01.80
2. 2026	01.80
3. 2027	01.80 X

Year (YYYY)	Person Months (##.##)
4.	
5.	

**Scenario #3:** Faculty member has 1 course release time fall and spring semesters and works ½ month in the summer in Project Years 1 & 2 only

Faculty is working **0.5 of a summer** month added to 1.8 months release time in Years 1 & 2 = 2.3 months

\*Person-Month(s) (or Partial Person-Months) Per Year Committed to the Project

*Year (YYYY)	*Person Months (##.##)
1. 2025	02.30
2. 2026	02.30
3. 2027	01.80

Year (YYYY)	Person Months (##.##)
4.	
5.	

## Current and Pending Support Takeaways

- Faculty time on ATE grants is not limited to 2 months, but the justification for more time must be very clear
- All committed time and support from any source for Senior Personnel working on projects should be reported
- Carefully follow PAPPG guidelines

Facilities,  
Equipment &  
Other  
Resources

## Facilities, Equipment & Other Resources

- Should be narrative in nature and include internal and external resources (both physical and personnel)
- Should include any senior personnel or postdoctoral researchers for whom no funds are being requested in the budget
- Must not include any quantifiable financial information
- Photographs of equipment or physical space are not allowable

# Facilities, Equipment & Other Resources

## FACILITIES, EQUIPMENT AND OTHER RESOURCES

**Laboratory:** The makerspace, located in the Newton building, will be used for the Power of Us program's Tech Tuesdays, Taste of Industry, and Summer Camps. The makerspace will provide a collaborative space for the students to use equipment that might not be available in other labs across campus. Other conference rooms and labs will also be used for these events. The targeted program labs in the Newton and Ingram buildings will also be used because they contain equipment that cannot be moved. The multipurpose rooms in the Wynn Center and Ingram buildings will be used for the opening session, lunch, and closing session for the Taste of Industry event.

**Clinical:** Not applicable

**Animal:** Not applicable

**Computers:** In addition to the computers in the labs referenced above, the College employees involved in the Power of Us project will utilize computers provided by the College in their offices.

**Office:** Office space for College employee project participants will be provided by the College. Each office has a computer, a phone, office furniture, and office related items. The offices are in the Newton and Ingram buildings.

**Other:** Other personnel supporting the project will include members of the College's leadership staff, the College's high school liaisons, selected nine- and twelve-month faculty, the College's marketing department, and the program's student workers (Power of Us Ambassadors). The staff from the College's institutional research office (Research, Evaluation, Assessment, and Planning (REAP)) will work with the PI, Co-PI, and Evaluator to provide the data needed to report outcomes.

**Major Equipment:** The following special equipment will be used in the specific program labs:

- **Automotive Systems Technology Labs** – Equipment in Durham Tech's garage includes but is not limited to car lifts; hand, power, and specialty tools; and diagnostic equipment.
- **Biomedical Equipment Technology Labs** – Students receive instruction and have hands-on learning experiences in a lab stocked and outfitted with biomedical equipment most used by healthcare providers and private industry, such as sterilization machines and diagnostic equipment. Instructors use the equipment as teaching aides and students use the equipment to gain experience with troubleshooting and repair skills. Students learn to use hand, power, and specialty tools in the lab.
- **Networking Labs** – Labs are equipped with computers, switches, routers, and closed networks that instructors can use to teach students how to analyze, test, troubleshoot, and evaluate network systems and plan, implement, upgrade, or monitor security measures for the protection of computer networks and information.
- **Electrical Systems Technology Labs** – Students have hands-on learning experiences with everything from basic electricity kits that include bulbs, batteries, simple switches to demonstration systems that include the same kinds of complex switches and wiring found in residential, commercial, industrial facilities and programmable logic controllers (PLCs).

**Data Mgt. Plan**

## Data Management Plan

- Cannot exceed two page(s)
- Must not be used to circumvent the Project Description page limit listed for the funding opportunity
- Should describe how the proposal will conform to NSF policy on the dissemination and sharing of research results

### Data Management Plan

Asheville-Buncombe Technical Community College will conform with NSF's policy to disseminate and share results of the proposed project as defined in AAG Chapter VI.D.4. As stated in the Project Description, A-B Tech's plan to disseminate materials includes the following:

A-B Tech will work with SC ATE and CyberWatch to disseminate the PBLs adapted for the EGR110, EGR115, EGR125 as well as NET110, NET125, and NOS 110. Recruitment materials, retention strategies, and PBL materials will be disseminated nationally by the SC ATE Center via their website (TeachingTechnicians.org), CyberWatch, through conferences attended by A-B Tech personnel, and through the North Carolina Network for Excellence in Teaching (NC-NET).

NC-NET provides professional development for instructors. All training materials for instructors developed over the course of the grant period can be disseminated to the entire 58-college system in North Carolina. The PI will ensure that materials are disseminated via NC-NET. PI Pamela Silvers has developed an NC-NET presence for a previous Perkins grant.

The project leaders will attend selected national and regional conferences over the course of the grant period such as the bi-annual North Carolina Community College System Conference, National Career Prep Conference, HI-TEC Conference, and the North Carolina Computer Instruction Association Conference. A-B Tech will submit proposals to present and/or displays in exhibition halls.

This proposed project is made possible due to other ATE-funded institutions (SC ATE and CyberWatch) adhering to NSF's policies. A-B Tech will support the dissemination of this information that will benefit a wide audience of educators.

A-B Tech will maintain either paper or electronic copies of all evaluation results, both formative and summative. Participant will not be individually identifiable in any data. The PI will develop a database which will be the primary method for monitoring and tracking participant (both students and faculty via professional development) enrollment, retention, and progress. Any hardcopy materials will be maintained in locked filing cabinets. The PI and Co-PIs will update records on a regular basis.
